

Music Maths

These are just like maths sums but instead of using numbers,
you are going to use music notes and rests!
Don't worry, you can still write your answer as a number.

1. $\gamma + \text{quarter rest} + \text{half rest} + \text{quarter note} + \text{half note} + \text{quarter note} + \text{eighth note} + \text{eighth note} =$

2. $\text{half note} + \text{quarter rest} + \text{half rest} + \text{half note} + \text{half note} + \text{quarter note} + \text{quarter note} + \text{eighth note} =$

3. $\text{quarter rest} + \text{quarter note} + \text{half rest} + \text{quarter note} + \text{half note} + \gamma + \text{half rest} + \text{quarter note} =$

4. $\text{half rest} + \text{quarter note} + \text{quarter note} + \text{half rest} + \text{quarter rest} + \text{quarter note} + \text{half rest} + \text{quarter note} =$

5. $\text{quarter note} + \text{quarter note} + \text{quarter note} + \text{quarter note} + \text{quarter note} + \text{quarter note} + \gamma + \text{quarter note} =$

6. $\gamma + \text{quarter note} + \text{quarter note} + \text{half rest} + \text{half rest} + \text{quarter note} + \gamma =$

7. $\text{quarter note} + \text{half rest} + \text{half rest} + \text{quarter note} + \text{quarter note} + \text{quarter note} + \text{quarter rest} + \text{half rest} =$

8. $\text{half rest} + \gamma + \text{quarter note} + \text{quarter note} + \gamma + \text{quarter note} + \text{half note} + \text{half note} =$
