

Boxes

Can you draw notes and rests in the boxes to make the answer at the end?
If you want to make it more tricky, limit yourself to only using 1 of each note/rest
for each question.

$$\boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} = 8$$

$$\boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} = 9$$

$$\boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} = 7.5$$

$$\boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} = 11.5$$

$$\boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} + \boxed{\phantom{\text{note}}} = 7$$
